Stories of triumph and transformation through homeopathy with Sujata...

"I showed up at Sujata Owens's doorstep. I decided I had to try this alternative because I just couldn't face years of medications to help me sleep and tolerate my histamine reactions. So, I decided to take the plunge into the unknown called homeopathy. Well, you can imagine to my surprise, delight, and ecstasy when my allergic reactions at night decreased significantly; my sleep improved considerably, and I had a bounce to my step within the first two weeks. I feel like I am on the right journey for me at this time. I still don't know how homeopathy works, but I am convinced it does work."

"Sujata, our family is unspeakably grateful for the transformation that homeopathy and you generated in our grandson/son's life. From a struggling, frustrated grade school student, he is now a happy, productive student at St. Thomas Academy. We are all very proud of him and, again, profoundly thank you for your contribution to this remarkable triumph."
